# Welcome to the world of CarpZoom!

We are proud to present you the new CarpZoom Trade Catalogue 2024.

Not only 2020 were smitten by the pandemic but 2021-2022 as well. We still trust that most of us have got over it without serious consequences.

Angling is a perfect hobby at any time but especially in these days being enjoyable alone or with friends still keeping the distance. We would like to help you with new products: new baits, rods, reels and other accessories.

We trust that everyone will find something useful in our new product range regardless if preferring the traditional techniques or the trendy methods.

Passion, quality and innovation are the keywords that are reflected in the extensive product ranges covering the needs of all anglers, from the most accomplished to the least experienced.

Good health and tight lines in 2024!

We, a group of committed experts in angling at CarpZoom, have worked a lot to develop our supply and service and to introduce new products in order to meet these challenges. However, our policy has not changed: we are committed to meet the requirements of the wide range of fishermen, including hobby anglers willing to have some fun at the lake, to the devoted fanatics chasing the big fish.

We always work closely with our esteemed partners (being also our friends) and grow our business together. We pride ourselves on flexibility to help our partners to share the success of Carp Zoom. The satisfaction of our customers is based on several topics we lay a big emphasis on:

- Selection of high quality ingredients by our own experts with many years of experience.
- Strict quality controls of the whole process from the raw materials to the ready products.
- Continuous testing under various conditions by our experts and field testers from the first prototype until the product is available in the market.
- The most up-to-date production technology to ensure the constant high quality.
- Top quality packaging materials to ensure the freshness throughout the shelf life.
- Flexible services offered by our well trained staff.

Should you have any questions please do not hesitate to contact us.

# BAITS

CarpZoom started as a bait brand more than 20 years ago and although the significance of other tackle categories is growing continuously bait manufacturing remains the core business. Our knowledge and experience gained during this period ensures that anglers can find a bait solution for every needs and circumstances.

We offer a nice range of special baits for the feeder and method feeder fishing enthusiasts, too.

**FISHING CORN, SUPER SWEET**

The carpzoom Fishing Corn has been designed specifically for fishing using only the finest and sweetest corn kernels selected by some of the best anglers. Its soft but robust texture ensures enough toughness to stay on the hook when cast and soft enough to be irresistible to the fish. Perfect for using as a hook bait, for loose feeding, or enriching your groundbait. Great for adding additional flavours or dyes. Suitable for all coarse fish such as carp, tench, bream and roach. Supplied in a ring pull can for ease of use on the bank.

WEIGHT/PALLET	718 kg	601 kg		

**BOILED SEEDS AROMA**

This attractive aroma was made using natural flavoring materials, and developed specially for the aromatization of cooked seeds. Its heat tolerance is higher than traditional sprinklers, which is why, when mixed with the still-warm feed in the last phase of the cooking, it gets absorbed deeper into the seeds retaining on the extra attractive effect in the water. We recommend it primarily for making seeds catchier. It can also be used effectively when making boilies, or when mixing into feed materials.

**GALACTIC METHOD FEEDER GROUNDBAITS**

FEEDER COMPETITION

Developed specially for classic feeder and method feeder fishing the Galactic Method Feeder offers the best titbits of carp grounded into a perfect mixture. Thanks to the selected ingredients and the grinding it sticks well but breaks down quickly around the hook bait luring the fish to the area. High in carbohydrates, free from fish meal the sweet base mix is flavoured with proven aromas.

**INTENSE PELLET METHOD GROUNDBAIT**

This method feed material has a high content value and an intensive attracting effect. It has two kinds of pellets of Dutch Coppens premium quality: while the extreme attractiveness is guaranteed by the ground meal which has a high protein and fish oil content, the long-lasting attracting-effect and the keeping the fish feeding longer is ensured by the micro pellets contained in it. The dissolution time of the material is approx. 30 minutes depending on the temperature of the water. In addition to the intense aroma of the ingredients and the high fish oil content, the mixture also contains betaine which is an extra appetite enhancer. Its use is easy: mix it with water to achieve the right consistency. It can be used immediately after 10-15 minutes. The stuff is particularly intensive and helps a quick and successful fishing.

**R<sup>2</sup> PVA PELLET MIX**

When developing the composition of R<sup>2</sup> PVA pellet mix, it was put a lot of emphasis on ensuring that the box should contain high-quality pellets. While the universal basic version, which can be used effectively in any season, includes the premium quality Intensive, Premium Select, Red Premium Selected and Premium Carp pellets from the Dutch company Coppens, the +20 Celsius version, which promises large catches even in the summer heat, contains the Premium Select, Green Betaine, Red Premium Select and Premium Carp pellets. These pellets also come from the Dutch manufacturer. The pellets contain appetite enhancers, essential oils, fish oils and vitamins, attracting fish like a magnet even in times of poor fishing. Due to its composition, it can be used effectively in any season. We recommend it specifically to PVA bag fishing.

GROSS WEIGHT/CTN	3,57 kg

**ALL SEASON METHOD BOX**

When developing the composition of the All Season Method Box, it was placed great emphasis on the inclusion of high-quality pellets in it, so premium quality pellets from the Dutch company Coppens were included in the mixture. Due to its composition, it can be used effectively in any season. Its application is simple: the desired consistency can be achieved by adding liquid little by little and shaking the box. In warm weather it is worth moistening from time to time the already mixed pellets. It can be used effectively in wild waters as well as in poorly fished lakes. We recommend it specifically to feeder anglers, but any other feed stuff can be made more substantial with it.

**GIANT CARP-CATFISH BOILIE**

An old classic saying says: "big bait, big fish". It is especially important to select the fish that come to our hook in waters which are richly stocked with smaller carp. The 40-millimeter-diameter Giant Carp-Catfish Boilie helps us in this job. This boilie attracts capital carp not only because of its size, but also because of its content value, flavours and the attractants contained in it. Since it is made in bloody, liver and fish versions, it can be effectively used for catching capital carp and catfish. It is an excellent alternative for anglers who specifically prefer fishing capital carp and catfish.

**SOLUBLE WAFTERS BOILIE**

Wafers baits, when combined with a suitable hook, give good results even with cautious fish. The fact is that the combined density of the bait and hook together is slightly higher than that of the water, so the bait does not go up so much, but instead they fly into the fish's mouth at their slightest sniff. With high content value, and due to their stimulating aroma, they are irresistible even for large, experienced carp. We recommend them primarily for boilie – fishing. They are also effective with feeder fishing of large fish.

**MAGNET-X BOILIE WAFTERS**

The wafers these critically balanced hook baits have less buoyancy than the traditional pop ups but this is their main advantage. The watchfully or daintily feeding fish sucking the feed up weakly virtually cannot avoid these unique baits to be swallowed up. Highly recommended if there is hardly any catch or on competitions. Just before being packed the Magnet-X Boilie Wafers get a spray of aroma to enhance the luring effect. Thanks to their unique texture they can easily withstand more casts on the hair rig or on the bait screw/spike so they are really economical.

**SUPERB POP UP**

Right after hitting the water it starts to gush an intense cloud of colour and flavour which goes on and on for quite a long time luring the fish to the hook. The increased and long lasting buoyancy makes this pop up excellent to use on a Zig Rig. It has a great rubbery-foamy texture and easy to pierce with boilie needle. It easily withstands powerful casts over 100 m. Perfect choice for competitions.

**ART-X BALANCE**

A great alternative to live baits without the inconvenience of storage. If there is no chance to buy live bait or just a short session is workable at the end of the day the Art-X Balance imitations are a great choice. The realistic mimics are soaked in powerful attractants luring more fish to the hook. Since they are really cast resistant thanks to their unique material after use they can be put back in the pot to recharge with the aroma.

**ART-X CORN**

The ART-X artificial CORN bait is much softer than traditional rubber bait imitations, so it can be easily strung not only on spikes and hairpins, but also on hooks. It has a slight floating property so that it can be held down on the bottom by a spike or smaller swivel. It actually works as a wafers bait. Its intense aroma provides a long-lasting enticing effect. Each jar contains three artificial corns of different sizes. It is recommended to feeder and pacific anglers. It can be used alone or in combination with other baits.

**ARTIFICIAL SNAIL • CZ 0229**

Various snails and shells are the favorite natural food of carp, so serious catches can be achieved with this lifelike bait imitation. Thanks to its porous material, it floats in the water. It can be easily aromatized. The taste and fragrance substances are gradually released from it. It can be used multiple times. It is effective on its own, but also in combination with other baits. It is especially recommended to carp anglers who are fond of capital fish.

**ART-X BALANCE TIGERNUT • CZ 0472**

It often happens that it is no longer possible to buy baits, or at the end of the day we just want to jump down to the shore for a quick fishing. In such occasions, the Art-X bait imitation family can be of great help. 5 darker and 5 lighter versions of the deceptively lifelike tiger nuts were put into the jar. The baits soaked in the special aromatized liquid with a tiger nut flavor have an extra attractive effect.

**FERMENTED AROMA LIQUID**

The fermented baits and feeding materials have a particular importance in warm waters. Its indisputable grip is accompanied by a strong smell. We have locked this flavor, and any time you can prop the feed-mixture up, or make the baits flavor with it. The production takes place with a strictly regulated and special composed culture at a low pH. As result during the lactic acid fermentation, important starches, nutrients, and flavors become available for the fish, with a good effect on their intestinal tract. The lactic acid base has been further enriched with intense aromas, so it is available in several flavours.

**FAVOURITE AROMA LIQUID PELLET PLUS**

This attractive flavor concentrate was made using high-concentrated, intensive and natural flavorings whose attracting power is enhanced by three-millimeter, high- protein and appetite-stimulating micro-pellet, which is found in the concentrate. Both the aroma and the pellet exert their effect by gradually dissolving, attracting the fish to feeding even from greater distances, so it can be achieved good results with it even in wild waters and in times of poor fishing. One bottle is enough to aromatize up to 10-15 kg of feed material (mix, seed mix, stick mix, method mix). It is PVA friendly, so in addition to feeder anglers, we also recommend it to boilie lovers.

**ALL SEASON METHOD LIQUID**

This is a highly concentrated liquid specially mixed for stimulating the appetite of fish. It contents natural sugars and amino acids which make it very attractive for fish. Due to its texture, it is perfect for sprinkling the contents of the method basket, but it can also be used to flavour pellets, boilies, and PVA packages. By gradually solution of the surface of the pellet and boilies, the irresistible flavour and aromas of the substances come out. The stuff is specially made for four-season fishing. The smelly-amino version shows its true power at water-temperatures above 20 degrees Celsius. It is the perfect solution if it is wanted to achieve quick results.

# FISHING RODS

Manufactured using high grade materials, we are proud to offer a range of rods for anglers regardless of their experience or budget or the fishing method they prefer: carp fishing, boilie fishing, general purpose rods, feeder rods, spinning rods, etc. Functionality and quality are very important but not the only ones. The appearance is a key feature as well so our rods look good, too.

## INTERCEPTOR POLE ROD

Quick, dynamic action and loadability feature the Interceptor Pole Rod. The high quality carbon fibre used for this rod ensures a perfect parabolic action when under load. If used with elastic even big fish can be fished for. Recommended for those anglers who want an all-around pole rod.

code	length	t. length	weight	sec.
CZ 8110	500 cm	120 cm	217 g	5
CZ 8127	600 cm	120 cm	295 g	6
CZ 8134	700 cm	120 cm	415 g	7

## ENTRANT MULTI POLE ROD

Durable pole rod made from composite material. It resists hits better than a traditional carbon rod with the same wall thickness. Perfect to use on stony shore. Smaller ones are great for children while the bigger ones can be used for catching bigger carp or crucian carp especially if they are equipped with elastic.

code	length	c. weight	t. length	weight	sec.	code	length	c. weight	t. length	weight	sec.
CZ 2835	200 cm	5-25 g	112cm	70 g	2	CZ 2859	400 cm	5-25 g	115cm	225 g	4
CZ 2842	300 cm	5-25 g	112cm	130 g	3	CZ 2866	500 cm	5-25 g	115cm	357 g	5

## FORCE TELEMATCH

High grade carbon material is used for the ForceTelematch, so casting further and retrieving the fighting fish is no match with this rod. Some additional features are the single leg SIC guides, the strong and durable reel seat and the cork/non-skidding handle grip.

code	length	c. weight	t. length	weight	sec.	guides
CZ 0450	395 cm	10-80 g	132 cm	280 g	5	SIC
CZ 0467	420 cm	10-80 g	136 cm	350 g	5	SIC

## ATOMIC TELE CARP ROD

The focus was on the needs of the anglers fishing for non-predatory fish. The strong yet flexible blank ensures a very enjoyable fight. It is a real match for the big fish.

code	length	c. weight	t. length	weight	sec.	guides
CZ 2590	270 cm	50-100 g	87 cm	293 g	5	SIC

### GALACTIC LIGHT FEEDER FEEDER COMPETITION

The Galactic Light Feeder rods meet the expectations of the method feeder fishing. The slim, lightweight and flexible blank and the aligned action ensures a real experience during playing the fish and reduces the chance of losing it. Comes with 2 fiber glass tips and 3 carbon tip.

code	length	c. weight	t. length	weight	sec.	guides
CZ 3077	270 cm	50-180 g	140 cm	210 g	2+3	SIC

CZ 3121	390 cm	80-220 g	137 cm	330 g	3+3	SIC

### OSMIUM FEEDER FEEDER COMPETITION

The Osmium Feeder rod family's wide palette includes the most suitable types for every feeder method where there is no need for compromises about length or casting weight relating the rods. While the shorter versions are optimal for fishing from a boat or from tight spots, the longest versions allow reaching large fish in distant bank breaks. This rod is slender and sufficiently backboned. The manufacturer has provided it with two-sole reinforced rings, with carbon spikes that indicate even the slightest pulls, and with a split cork handle. This is a truly graceful piece that can be used in both everyday- and competition situations.

code	length	c. weight	t. length	weight	sec.	guides
CZ 3060	360 cm	100-300 g	126 cm	260 g	3+3	SIC
CZ 3053	390 cm	100-350 g	136 cm	305 g	3+3	SIC

### NO LIMIT RIVER FEEDER FEEDER COMPETITION

This large-fish feeder rod, which belongs to the Feeder Competition family, is a flexible medium-backboned rod, with a modern split-handle. Next to this rod, there are three carbon spikes which are very effective for indicating the smallest bites. Two-sole, wear-resistant ring row perfectly transfers the load to the rod body. It is a real big gun and great alternative in waters where the capital fish are far away from the bank.

code	length	c. weight	t. length	weight	sec.	guides
CZ 6742	360 cm	40-120 g	126 cm	200 g	3+3	SIC
CZ 6759	390 cm	60-160 g	126 cm	230 g	3+3	SIC

**CARP FEEDER** FEEDER COMPETITION

The Feeder Competition rod family is built on a slim blank with EVA /cork handle and single-leg guides with SIC inserts. The action is stiff enough for long casting but, thanks to the soft upper third, it is a real joy when playing fish. Designed for both please and competition fishing. Comes with 2 glass and 1 carbon tips.

code	length	c. weight	t. length	weight	sec.	guides
CZ 7830	360 cm	150 g	126 cm	330 g	3+3	SIC
CZ 7847	390 cm	180 g	137 cm	360 g	3+3	SIC

**WILD CARP FEEDER** FEEDER COMPETITION

The Wild Carp Feeder rod is perfect choice for chasing big fish. Thanks to the used materials, the production technology and the strict quality assurance this rod is extremely loadable, even the big feeding baskets can be casted to a big distance with ease. Comes with 2 glass tips and 1 carbon tip.

code	length	c. weight	t. length	weight	sec.	guides
CZ 5607	360 cm	160 g	126 cm	305 g	3+3	SIC

CZ 5621	420 cm	210 g	147 cm	480 g	3+3	SIC

**TREND II FEEDER**

The updated version of the rightly popular Trend Feeder rod. Classic lines and loadable blank, strong guides with wear-resistant inserts feature the Trend-II Feeder. A perfect choice for fishing on both lakes and rivers. Comes with 1 carbon and 2 glass tips.

code	length	c. weight	t. length	weight	sec.	guides
CZ 1653	330 cm	30-70 g	114 cm	256 g	3+3	SIC
CZ 1660	360 cm	50-100 g	125 cm	308 g	3+3	SIC
CZ 1677	390 cm	160 g	133 cm	365 g	3+3	SIC

**MEDAL FEEDER**

This is a strong-looking, heavy-duty feeder fishing rod. The manufacturer has provided it with a split cork handle, with a row of lightened, wear-resistant rings, and with three clearly visible, sensitive vibrating spikes. Due to its durable material, this rod can be used even in extreme terrains or on paving stones along rivers. While the shorter version is suitable for fishing on small lakes or from boats, the longer one is suitable for long distant casting targets. We recommend it to anglers who are looking for universal feeder rods. It can effectively be used in spring for fishing common bream, in summer carp and in autumn common barbel.

code	length	c. weight	t. length	weight	sec.	guides
CZ 6247	360 cm	70-140 g	127 cm	295 g	3+3	SIC
CZ 6254	390 cm	60-180 g	136 cm	345 g	3+3	SIC

**ARCANE CARP FEEDER**

This strong rod is perfect for hunting down big carp and grass carp. The slim, light blank has enough in reserve to cast heavy feeder baskets over long distances. The single-leg guides with SIC inserts help to keep the original characteristic of the blank. Comes with 2 glass and 1 carbon tips.

code	length	c. weight	t. length	weight	sec.	guides
CZ 9927	270 cm	5-25 g	141cm	5-25 g	2+3	SIC
CZ 9934	300 cm	7-30 g	155 cm	7-30 g	2+3	SIC

**ARCANE PICKER**

Built slim yet strong carbon fibre blank with quick action, double/single leg SIC guides, strong and durable reel seat and cork handle grip feature the Arcane Picker rod. Real quality anyone can afford. Comes with 2 glass and 1 carbon tips.

code	length	c. weight	t. length	weight	sec.	guides
CZ 5829	240 cm	80-180 g	126 cm	210 g	2+3	SIC
CZ 5836	270 cm	80-180 g	140 cm	245 g	2+3	SIC

**MAX-X BOAT FEEDER**

The Max-X Boat Feeder Rod is the answer to a new but rapidly increasing demand. The shorter but stronger blank ensures easy use in a boat and harder fighting with the fish while the three different tips can show even the slightest touch. It can be used successfully even for ice fishing.

code	length	c. weight	t. length	weight	sec.	guides
CZ 2712	360 cm	50-150g	127 cm	260 g	3+3	SIC
CZ 2729	360 cm	30-120g	127 cm	254 g	3+3	SIC

**ATOMIC POWER CARP FEEDER ROD**

The focus was on the needs of the anglers fishing for non-predatory fish. The strong yet flexible blank ensures a very enjoyable fight. It is a real match for the big fish.

code	length	c. weight	t. length	weight	sec.	guides
CZ 1684	360 cm	150+ g	125 cm	360 g	3+3	SIC
CZ 1691	390 cm	180+g	137 cm	408 g	3+3	SIC

**DISTANT BOMB FEEDER**

This rod has a design typical of boilie rods, and all the good features of feeder rods. Its long split handle, its dynamically loading flexible body and its perfectly positioned, large, reinforced ring row make this rod a true long-casting, large-fish feeder rod. It is a perfect choice for large lakes, for rough river waters and for such situations where the rod has to deal with extreme fishing conditions.

code	length	c. weight	t. length	weight	sec.	guides
CZ 1738	360 cm	120+ g	126 cm	380 g	3+3	SIC
CZ 1745	390 cm	150+g	136 cm	480 g	3+3	SIC

**AGGRESSOR FEEDER ROD**

This feeder rod has been manufactured using durable, modern composite materials, which make it more resistant to external influences than a carbon rod of its category. The manufacturer has provided this rod with a row of wear-resistant rings and a split cork handle. The biting is signaled by three spikes with different strengths. This rod is a perfect choice for stony difficult terrains, and for anglers with less experienced.

code	length	c. weight	t. length	weight	sec.	guides
CZ 6476	360 cm	60-120 g	128 cm	320 g	3+3	S-SIC
CZ 6483	390 cm	70-140 g	133 cm	365 g	3+3	S-SIC

**ENTRANT FEEDER**

The Entrant Feeder is affordable but doesn't compromise on quality. Comprising three matt black sections with single/double guides and SIC inserts, together with an EVA handle, it is a perfect choice for those who have just started to catch carp using the feeder style. Comes with 3 glass tips.

code	length	c. weight	t. length	weight	sec.	guides
CZ 6278	330 cm	40-90 g	66 cm	282 g	6+3	S-SIC

**ENTRANT TELEFEEDER & ENTRANT TELEPICKER**

This version of the Entrant Picker and Entrant Feeder combines the practicalities of a telescopic rod with the advantages of a picker rod. Comes with 3 glass tips.

code	length	c. weight	t. length	weight	sec.	guides
CZ 6193	240 cm	5-15 g	124 cm	190 g	2+3	S-SIC

CZ 6216	300 cm	10-25 g	155 cm	240 g	2+3	S-SIC

**ENTRANT PICKER**

The Picker rods in the Entrant series are made from two-sectioned, strong blanks and single/double-leg guides with SIC inserts. The design and the EVA/cork handle create an attractive look. Comes with 3 glass tips.

code	length	c. weight	t. length	weight	sec.	guides
CZ 6285	360 cm	7-30 g	125 cm	190 g	3	SIC
CZ 6292	390 cm	15-40 g	135 cm	235 g	3	SIC

**ARCANE FLOAT**

Slim and light, the Arcane Float still has enough power to handle big carp if required. The single-leg guides with SIC inserts help to maintain the original characteristic of the blank. It comes complete with EVA/cork handle.

**GREEN SHADOW CARP ROD** MARSHAL

This top-class fishing rod radiates elegance and has a modern appearance. It also has a high load capacity and an exclusive, at the same time, an extra-thin wear-resistant ring row. It is a worthy adversary of capital fish, and can be used both for casual and competition fishing. We recommend it to lovers of boilie fishing.

**new**

code	length	c.weight	t.length	weight	sec.	guides

CZ 5478	13'	3,5 lb	200 cm	410 g	2	SIC

**SLIM CARP** MARSHAL

A real multiuse rod made from top grade carbon material featuring an elegant slim design. Its detailed design is very sophisticated. The blank is super slim but its material is highly durable. It features six double leg SIC guides, gracile reel seat, foam butt cap. It has a perfect playing action during the fight.

- Extra slim blank,
- quality double leg SIC guides,
- metal reel seat,
- non-skidding handle grip,
- strengthened tip guide.

code	length	c.weight	t.length	weight	sec.	guides

CZ 3284*	13'	3,5 lb	199 cm	490 g	2	SIC <sup>50*</sup>

\*ø50 mm butt guide.

**MESHPRO CARP**

MeshPro rods are designed for those anglers willing to have quality at an acceptable price. The result of our efforts is this rod range. We kept even the smallest details in mind, for example the parts of the rods wearing the most of the load are reinforced but kept flexible for

the perfect action. The two leg guides with SIC inserts ensure even load distribution all along the matt black carbon fibre blank. The line clip, the strong and durable reel seat, the non-skidding butt grip and the metal buttcap are the additional features of this rod.

code	length	c. weight	t. length	weight	sec.	guides
CZ 8878	12'	3,50lb	185cm	345g	2	SIC

CZ 8861	13'	3,50lb	135cm	430g	3	SIC*

\*MeshPro ø50 mm butt guide.

**MAXIMAL CARP**

The Maximal Carp has a rather soft blank helping to avoid the fish unhooking itself by chance but it has enough reserve for hard fights.

code	length	c. weight	t. length	weight	sec.	guides
CZ 5485	10'	3 lb	155 cm	238 g	2	SIC
CZ 5492	12'	3 lb	186 cm	285 g	2	SIC
CZ 5508*	13'	3,5 lb	201 cm	420 g	2	SIC

\*ø50 mm-es SIC butt guide.

**SCIROCCO CARP**

A great general-purpose fishing rod. The blank is made of light and flexible materials with average sized guides and wear-resistant inserts. Its dynamic action helps long casts while handles the load perfectly when playing big fish.

code	length	c. weight	t. length	weight	sec.	guides
CZ 5515	360 cm	3 lb	185 cm	271 g	2	SIC
CZ 5522*	390 cm	3,5 lb	199 cm	351 g	2	SIC

\*ø50 mm butt guide.

**SCORE CARP**

This fishing rod, with a graceful and modern design, consisting of two parts, has been manufactured in the known classic and highly popular lengths. Its massive two-foot mixing ring and the wear-resistant SIC ring series are almost indestructible. The rod performs well

during both fatiguing and dynamic throwing. Its material is flexible, which gradually hardens during using, resulting in grinding up the outbursts of the tired fish. Its EVA handle is easy to clean. Due to its size, it can be easily carried.

code	length	c. weight	t. length	weight	sec.	guides
CZ 9834	270 cm	2,75 lbs	140 cm	210 g	2	SIC
CZ 9827	300 cm	3,00 lbs	155 cm	240 g	2	SIC

CZ 5850	390 cm	3,50 lb	137 cm	495 g	3	SIC

**CORK ACTION CA3**

Stylish appearance, cork handle and abrasion-resistant guide inserts feature the all-purpose carp rod Cork Action CA3. Thanks to the 3 section design it is perfect for those looking for an easy to carry rod while accepting no compromise in strength for handling

big fish and in dynamics for long casts. The slim blank may seem a bit soft but due to its perfect characteristics it can withstand the load generated by the fish, protecting the leader line with its flexibility and eating up the resistance of the fish.

**CORK ACTION CARP CA2**

The progressive and full parabolic action of the high modulus carbon blank and the SIC guides guarantee long and accurate casts while the full cork handle provides comfort and style.

code	length	c. weight	t. length	weight	sec.	guides
CZ 9859	300 cm	3,00 lb	55 cm	220 g	2	SIC
CZ 9866	360 cm	3,00 lb	55 cm	273 g	2	SIC

**ACTION CARP**

The slim blank of the Action Carp rods ensures real fun when playing the fish. The long blank combined with bigger-than-average guides and SIC inserts helps to reach far target areas. The matt black finish and metal butt cap give the rod a spectacular appearance.

code	length	c. weight	t. length	weight	sec.	guides
CZ 6377	360 cm	3,00 lb	127 cm	340 g	3	SIC

CZ 1721	390 cm	3,5 lbs	135 cm	500 g	3	SIC

**RESISTANT CARP**

This classic- designed carp rod has three parts. Its body is load-bearing, but at the same time sufficiently soft making it capable to resist the sudden attacks of big fish. It has a two-sole, wear-resistant ring row. Its thickened EVA- grip provides a secure grip when casting and during fatiguing. It can be carried on motorcycle or bicycle, and so in addition to its usual use, it is also good for searching fishing.

new

CZ 1974	300 cm	3,00 lbs	125 cm	350 g	2	SIC

**COMPACT CARP**

This universal, two-part fishing rod has a telescopic handle which makes its carrying easier. It is good for quick fishing sessions usually after work, which is why its constant carrying is advisable. It is suitable for searching and boat fishing. Its sufficiently flexible body and wear-resistant ring row make it easy to cope with larger fish. It is primarily intended for peaceful angling, but thanks to its compact design, it can also be used effectively for predatory fishing in autumn.

**SPEC SPOD**

Powerful blank with tip action for precise and long casts even with heavy load. The light yet durable guides ensure acceptable rod weight.

# FISHING REELS

CarpZoom provides a range of fishing reels with nice design, quality materials and assembly tech delivering a great fishing experience for anglers. There are lots of different varieties of reels available: front drag, rear drag, freespool, baitrunner and big pit reels for fishing for any kind of fresh water fish including carp or predatory fish.

## HQ-CARP FD MARSHAL

The Marshal HQ-Carp FD is a traditional reel specifically designed to catch really big fish. In spite of its robust appearance it is a precise and elegant reel made from quality raw materials. The durable graphite body, the CNC machined alu spool and the tested gears, shafts and ball bearings ensure long life. Thanks to the carefully selected gear ratio it winds up the line nicely. The brake can be adjusted precisely while the instant anti-reverse is a great help when fighting the big fish. The rubber brushes on the rotor avoids the line getting under the spool.

code	model	weight	gear ratio	mm/m
CZ 5966	5500FD	565 g	4,8:	0,28/240

## FEEDER COMPETITION

### SERIE FINE FEEDER 5000FD

- Aluminium spool with two metal line clip.
- Graphite spare spool.
- Light yet durable graphite body.
- 5+1 ball bearings.
- 5.2:1 Gear ratio.
- One way clutch / Instant anti-reverse system.
- Large bail arm.
- Right/left inter-changeable CNC handle.
- Computer balanced rotor.
- Quick drag brake system.

code	model	weight	gear ratio	mm/m
CZ 6000	5000FD	407 g	5,2:1	0,20/250

**SUPERB** FEEDER COMPETITION

This is a solidly designed and well-assembled casting reel. When cast, the line flows without resistance out of the metal drum which has a slightly conical profile and a special slanted rim that allows the reaching of far-away distances. Thanks to the shallow design of the drum, there is no need for additional under-filling, so that it has to be filled only with the required amount of line. The smooth running and faultless operation are ensured by 5+1 bearings with high wear resistance. The pick-up arm has a power design, and easily returns to its rest state, when in open state the reel is wound. The brake is fine-tuned and non-sticking, combined with the 4.7:1 gear ratio, it is a worthy opponent of capital fish. The crank is made of metal, and provided with a large and comfortable handle.

**OSMIUM** FEEDER COMPETITION

The curved shapes, the elegant appearance and the extremely load-bearing design are the characteristics of this fishing reel which is equipped with a shallow metal drum. Thanks to the design of the drum rim, minimal resistance is exerted on the line when casting, and thanks to its shallow profile, economical use of line is ensured. The robust pick-up arm, the precise drive equipped with 5+1 bearings and the reliable, widely adjustable non-stick brake make this fishing reel a worthy opponent to capital fish. It is primarily recommended to feeder anglers, but it can also be used effectively by boilies and classic bottom anglers.

# FISHING LINES

The broad range of our fishing lines can improve your casting and retrieving. No matter if you need mono or a braid line for carp, general or predatory fishing featuring sensitivity, strength or abrasion-resistance, we've got you covered. Our monofilament lines offer great flexibility while the braided lines have high strength and minimal stretch.

## METHOD FEEDER LINE FEEDER COMPETITION

A special mono line developed for feeder fishing. Due to its sinking ability it withstands the currents and provides direct connection between the rig and the rod.

- Low stretch
- High tensile strength
- Abrasion resistant
- Good knot strength
- UV stable

code	diameter	PT-test*

CZ 0824	0,28 mm	8,70 kg

SINKING  
150 meters

## EXTREME FISHING LINE FEEDER COMPETITION

Developed for meeting the extreme requirements of feeder fishing.

- Extremely abrasion-resistant
- Exceptional knot strength
- Low stretch for accurate casts
- Sure hooking of the fish
- Better control over the fish
- Line color: black

code	diameter	PT-test*

## 3D METHOD FEEDER LINE FEEDER COMPETITION

The special 3D effect refracts the surface of the line, making it almost invisible even for the most aggressive fish as well. Thanks to its low elongation, it makes even the most cautious catch noticeable. Because of the modern technology used during its production, it has got a high bearing capacity and knot-tolerance, at the same time revealing itself as a soft cord, which is a perfect solution for tiring out small and large-bodied fish under both hobby and competition conditions.

code	diameter	PT-test*

300 meters

\*Practical field test, not laboratory values

**OSMIUM FEEDER LINE** FEEDER COMPETITION

This strong, knot-resistant cord was made of Japanese raw materials. Thanks to its low elongation, it is perfect for feeder fishing. It immediately transmits even the smallest bites to the tip. The spool has 800 meters of line, so even reels with a large line capacity can be filled with it. It is primarily recommended for feeders, but it is also a good choice for classic bottom and boilie fishing.

**new** 800 meters

CZ 2575	0,28 mm	9,1 kg	CZ 2612	0,28 mm	9,1 kg

**TAPERED LINE** FEEDER COMPETITION

The Feeder Competition Tapered Line offers 185 meters of the thinner line and a knotless taper going up to the thicker leader making a 15 meters long tapered leader. The thin main line runs easily through the guides enabling longer casts. The tapered section avoids having a knot for weeds to snag on. The thicker section ensures an efficient fight and lowers the chance of losing the fish. Especially recommended for feeder and method feeder fishing.

200 meters

code	diameter	PT-test*
CZ 7656	ø0.18-0.30 mm	5,1/8,9 kg
CZ 7663	ø0.21-0.35 mm	5,8/12,5 kg

**TAPERED LEADER** FEEDER COMPETITION

Tapered leader line for taking the shock of casting a heavy feeder or spod long distances. The thicker section is an effective shock leader while the thinner section is easy to tie with a small knot to the main line and runs through the guides easily. Perfect for feeder and match fishing.

5x 15m

**CAMOU HOOKLINK 8X**

The Camou Hooklink 8X is a feeder line with 8 fibers and has premium quality. It is characterized by its round cross-section and abrasion resistance. It is completely soft, so that the fish will snatch up the bait almost without resistance. It makes the knotting easier and has a high knotting tolerance. Its surface refracts due to a special camouflage painting, thus preventing any suspicion from even a careful capital carp.

code	PT-test*
CZ 9988	15 lb
CZ 9995	25 lb
CZ 0007	35 lb

20 meters

**CAMOU SKINLINE**

The Camou Skinline is a coated line made of eight filaments and has a circular cross-section. After removing its stiff leather-like and highly abrasion-resistant surface, its soft braided line emerges and thanks to which the fish snatches the offered bait almost without resistance. Its surface is broken by a special camouflage painting making even the most cautious capital carp unsuspecting. It can be used perfectly for preparing boilie feeders. It is an optimal choice for shelly stony terrain.

code	PT-test*
CZ 0014	20 lb
CZ 0021	30 lb

15 meters

**CAMOU LEADCORE**

The Camou Leadcore is a line woven of strong resistant material and has a lead insert. Due to its weight it sinks in seconds blending in completely with the bottom, so the assembly will be totally hidden even from the most suspicious carp. Its surface is broken by a special camouflage painting making it unsuspecting for the fish. Due to its strong durable properties, it can be also an excellent choice for difficult bumpy terrain near clam beds. It can be used perfectly for preparing boilie feeders.

**LINE COUNTER • CZ 4238**

Easy to use: clip-on line counter with backlight function. Power supply: 2 x LR1130 (not included).

\*Practical field test, not laboratory values

**SERIOUS 8X BRAIDED LINE**

This top-category braided line is meant for those anglers who do not like kidding. Thanks to a modern manufacturing process and special surface treatment, the 8X Braided Line has been given a perfect round cross-section. The tight fitting of the fibers gives the line an excellent wear resistance, outstanding knot-tolerance and high tensile strength, and thanks to its smooth surface, the surface friction coefficient is very low enabling the line flow smoothly through the ring, and ensuring an accurately long-distance throw. We recommend it specifically to those anglers, who do not accept any compromise during getting the fish fatigued, and always keep looking for reliable and high-quality braided lines.

**FEEDER&MATCH ROD HOLDER • CZ 9323**

The redefinition of the rod holder led us to this new and versatile design. The 3-piece telescopic body with the 2-point of support holds the rod securely. Alternatively, even 2 rods can be put on it. Size: 80-230 cm.

**BUZZ BAR KIT • CZ 0595**

It is a three-seat, 40-centimeter-wide Buzz Bar, to which we now add a durable metal parting-tool. The end of the parting-tool is threaded, so it can also be driven into firmer soils. It has a telescopic design. It is compatible with most rod holders and bite markers.

- Length: 39-60 cm.

**CURVED ROD HOLDER • CZ 0564**

It is a massively designed, powerful curved rod holder that can be pierced even in harder dry soil. Telescopic, its length can be adjusted between 58-95 centimeters. The position of the rod holder part moves, so you can practically adjust the angle at which the fishing rod stands.

**BLACK POWER BANKSTICK**

A range of strong telescopic banksticks with secure snap lock system. The banksticks are finished in black, great for storm poles or as general use banksticks.

code	size
CZ 3002	38-71 cm
CZ 3019	61-114 cm
CZ 3026	76-145 cm
CZ 3033	122-234 cm

**SCREW BANKSTICK**

Strong telescopic bankstick with screw tip and secure quick-lock system. The bankstick is finished in green, great for storm pole or as general use bankstick.

code	size
CZ 8050	40-70 cm
CZ 8067	50-90 cm

**STORM POLE** MARSHAL

Built to last telescopic storm pole / bank stick featuring solid auger point to penetrate hard ground with ease. The thumb screw ensure solid tightening.

code	size
CZ 6017	ø1,6x71-120 cm
CZ 6024	ø1,6x95-170 cm

MARSHAL  
**ADJUSTABLE BUZZ BAR 11" & 12" • CZ 2478**

The adjustable buzz bar – that can be fitted to a bankstick with a thread in the middle – can be equally used to fish with 2 or 3 rods. The desired position can be adjusted with a thumbscrew. The wider bar suits to the front and the narrower to the back. It is made of high rigidity aluminium – this gives its durability. Its surface is powder coated, matt black. Size: 11" (27,5 cm) and 12" (30 cm).

**BANKSTICK** MARSHAL

The diameter of the banksticks is 15 mm, their height is adjustable, easy to hold it in place with a thumbscrew. They are made of high rigidity aluminium – this gives their durability. Their surface is powder coated, matt black.

code	size
CZ 2522	40-70 cm
CZ 2539	50-90 cm

MARSHAL  
**BANKSTICK STABILIZER • CZ 2508**

The stabiliser holds the bankstick perfectly even in loose, soft soil. This practical accessory is advised to use when combining the bankstick with the buzz bar. It is made of high rigidity aluminium – this gives its durability. Its surface is powder coated, matt black.  
• Size: 7,7x11 cm.

MARSHAL  
**STAGE STAND • CZ 2515**

The stage stand allows you to use the bankstick on a stage. You only need to fix the adapter with a single screw (not included) to the stage board then place in the bankstick and hold in place with a screw. It is made of high rigidity aluminium. Its surface is powder coated, matt black. It only takes up a small space in your bag but many times it is a must. Size: ø3,6x7 cm.

MARSHAL

**2-ROD BUZZ BAR 8" & 10" • CZ 2485**

Made from sturdy aluminium with stylish matte black finish. Sizes: 8" (20 cm) and 10" (25 cm).

**EASY ALU BUZZ BAR**

Light weight buzz bars made of aluminium alloy. Two and three rod designs available.

code	size
CZ 1215	30 cm (2 rod)
CZ 1222	40 cm (3 rod)

**STRONG BUZZ BAR**

Durable buzz bars with stylish matte finish. Two and three rod designs are available.

- Well padded side walls.
- Foam bottom mat – completely removable for easy cleaning.
- Drainage mesh bottom.
- Velcro top cover.
- Strong handles.
- Size: 115x55x25 cm.

### POP UP CRADLE • CZ 4549

As its name shows the Pop Up Cradle opens in no time and the integrated poles keep it up when in use but folds down small when storing or in transit. The 5cm thick and PVC covered mat ensures perfect protection for the fish and removable for easy cleaning.

- Opened size: 92x55x21 cm.
- Folded size: 58x51x12 cm.

**SOFT-PVC UNHOOKING MAT • CZ 6865** MARSHAL

The Soft-PVC Unhooking mat offers ultimate protection for the trophy and comfort for the angler thanks to its kneeling flap. The waterproof PVC cover of the top protects the padding and ensures easy cleaning.

- Opened size: 110x75 cm. Folded size: 76x53 cm.
- Raised sides.
- Over-flap with Velcros.
- Comfortable kneeling mat.

**ROLL-UP UNHOOKING MAT • CZ 6338**

An unhooking mat is a must have nowadays for the safety of the fish during removing the hook, weighing and putting it back into the water. The fabric of the Roll-Up Unhooking Mat is coated with PVC for easy cleaning and quick drying. Equipped with strong Velcro on both sides and strong handles for weighing and moving the fish safely.

Size: 95x62 cm.

**VIP WEIGH SLING & RETAINER • CZ 0497** MARSHAL

Marshal VIP Weigh Sling & Retainer high grade foldable weigh sling for the demanding anglers featuring:

- Micro-mesh construction for optimal water flow.
- Square design for easier fish release.
- Four floats ensure extra buoyancy.
- Reinforced weighing straps and carry handles.
- Strong rope with standard threaded screw.
- Small packed size .
- Size: 97x33x50 cm, rope 330 cm.
- Packed size: ø10x50cm
- Weight: 1 kg.

**2IN1 UNHOOKING MAT & WEIGH SLING • CZ 1925**

Clever, 2in1 type gear: if opened it is full size unhooking mat, if folded it is a sterling weigh sling. There is no compromise, it fulfils both functions perfectly. Foam padding. Durable cushion. Strengthened handles. Opened size: 105x124 cm.

**EASY WEIGH SLING • CZ 0956**

Lightweight yet durable weigh sling. Folds down up small enough to fit in a small place in your bag. The bottom mesh allows rapid water drainage for quick, accurate weighing. Easy to carry. Foldable – compact. Mesh on the bottom. Size: 100x65 cm.

**EASY UNHOOKING MAT • CZ 0888**

Affordable unhooking mat for the beginners or the mobile anglers if every gram and centimeter counts. Easy to carry. Rollable and compact. Size: 100x60 cm.

**PRACTIC-N UNHOOKING MAT • CZ 0658**

The Practic-N Unhooking Mat is the best solution for the painstaking angler. Gives excellent protection to the fish while it does not take up much room. Foldable – fixed by Velcro. Strengthened handles. Durable material. Size: 90x60 cm.

**BIGCARP-N UNHOOKING MAT • CZ 0641**

The BigCarp-N Unhooking Mat means perfect unhooking solution for the fanatics and safety for the fish. Foldable – fixed by Velcro. Strengthened handles. Durable material. Size: 110x70 cm.

**BIGFISH FLOATING & FOLDABLE WEIGH SLING • CZ 3064**

Quality floatation weigh sling that offers safety and security of the fish. Manufactured from light but strong fabric with full length floats. The sling has meshed sides for a quick and easy flow through of water. Also features full length zip, safety clip, four carry handles and strong weigh straps and rings. Drainage holes along the bottom of the sling allow a quick release of water. Comes in a carry bag. Size: 130x50 cm.

**BIGFISH WEIGH SLING • CZ 3057**

Mesh weigh sling made of strong still soft web. The full length stiffeners ensure easy handling and protection of the fish. Thanks to the fully zipped sides it is really simple to place in and take out the fish safely. Comes in a carry bag. Size: 130x50 cm.

**FISH AID • CZ 7828**

If you are one of the 'catch and release' sportsmen and you are anxious about the fish then the Fish Aid is a must to have in your fishing bag. You can help the recovery of them by treating the wound caused by the hook or any injury you find on them.

**MASSIVE CARP SACK**

The super soft still extremely strong perforated fabric offers maximum protection to the fish and allows the non-stop passage of water and oxygen. Easy to clean and quick to dry. Comes in a handy pouch.

**OSMIUM 2IN1 NET HANDLE • CZ 2445** FEEDER COMPETITION

This dip net handle, made using durable and modern composite materials, consists of parts plugged together. Its length can be varied by removing its individual parts even while packing, so that it can be practically used even in tight spaces. It is ideal for higher banks and piers. At its end, there is a thread which is compatible with most drawing net heads. We recommend it to carp anglers. The length is 340 cm.

**new**

**AFFECT LANDING NET HANDLE 330 • CZ 5912** FEEDER COMPETITION

Loadable yet lightweight carbon landing net handle with standard screw thread that fits most of the net heads. Length: 330 cm. Transportation length: 125 cm. Weight: 385 g. 3 section / put over.

**TELE LANDING NET HANDLE** FEEDER COMPETITION

Strong and durable yet lightweight, 2 or 3-section telescopic fibre glass composite landing net handle with standard screw thread that fits most of the net heads.

**FCR-N2 RUBBER NET HEAD • CZ 2223**

This Feeder Competition dipping net head is characterized by its modern lines and a well load capacity and resistance. The net is attached with a strong stitching to a durable material that runs inside the oval frame, so you don't have to worry about it wearing out. The special profile of the metal frame has a better load capacity than the traditional round cross-section. The net is rubberized, so it is gentle to the fish, and the hook can be easily removed from it. It is a perfect choice for feeder, match and any fine-rigged anglers, be it hobby or competition angling.

- Frame size: 60x49 cm
- Net depth: 60 cm.

**15x10 mm**

FEEDER COMPETITION

**MARSHAL**

**CAMOU CARP NET HEAD • CZ 3657**

With classic oval design this large boilie landing net is made of hardwearing and modern materials. The frame is made of highly load-bearing metal. The manufacturer provided the landing net with a rubberized, durable and fish-friendly net. It is perfect choice for anglers with boilies. It is equipped with a standard thread, so it is compatible with most threaded landing net handles.

- Frame size: 80x75 cm.
- Net depth: 90 cm.
- Mesh size: 8 mm.

new

**RUBBERIZED LANDING NET HEAD • CZ 2742**

Made with classic design, this large boilie landing net head was made of hardwearing materials. While the frame is made of composite, the fork is of metal material. The stems of the head can be quickly pulled out of the forks, which make it easier lift the fish into the boat, and then transport them to the fish mattress. The manufacturer provided it with a fish-friendly rubberized and durable net, from which hooks can be released more easily than from traditional nets without rubber coating. The handle is equipped with floating sponge and a safety rope with a loop, which helps lift the landing net in case it drops into the water. For transport we provided it with a camouflage holder. It can be used in every day boilies and in competitive conditions as well.

- Frame size: 100x100 cm
- Net depth: 100 cm.

new

**XXL RUBBER NET HEAD • CZ 2995**

new

Designed for lifting capital carp and grass carp, this large oval landing net head was provided by the manufacturer with a solid metal frame and a fish-friendly rubberized durable net, from which hooks can be released more easily than from traditional nets without rubber coating. It is equipped with a standard thread, so it is compatible with most threaded landing net handles. It is perfect choice for anglers with boilies.

- Frame size: 72x65 cm
- Net depth: 70 cm.

MARSHAL

**CAMOU BOAT LANDING NET • CZ 2735**

With classic design this large boilie landing net is made of hardwearing and modern materials. Both the frame and the handle are made of highly load-bearing composite. The stems of the head can be quickly pulled out from the forks at the end of the handle, so making it easier lift the fish into the boat and take them to the fish mattress. The manufacturer provided the landing net with a rubberized, durable and fish-friendly net. The handle is equipped with floating sponge and a safety rope with a loop.

- Frame size: 105x90 cm.
- Net depth: 80 cm.
- Mesh size: 6 mm.
- Handle length: 121 cm
- Max. Length with head: 217 cm.
- Delivery size: ø10x130 cm.

new

**ENTRANT CARP LANDING NET • CZ 6055**

Traditional landing net for boilie fishing. The large net can hold even the biggest carp or grass carp. Easy to fold by pulling out the arms of the frame and the 2-pieces telescopic handle makes it an ideal choice for both fishing from a boat or from the shore.

- Size: 100x90x90/275 cm [2 sections].

**CZ 5738  
CARP LANDING NET SPREADER**

- Sturdy aluminium material.
- Hard wearing brass screw.

**SPARE NET • CZ 1819**

Suitable for the Carp Landing Nets (CZ1604 and CZ1611). Size: 107x107x90 cm.

**CARP LANDING NET**

- 6 mm hole sized green net.
- Head size: 107x107x90 cm.
- Glass fibre blank material.
- EVA grip.

code	size

- Size: 70x60x70cm/180 cm [2 sections].

**DELUXE NET FLOAT • CZ 6070**

MARSHAL

Clever and useful accessory when you're netting fish single handed. The net float will support the net making it much easier the use of the landing net. Size: ø6x20 cm.

**BIG CATCH-N LANDING NET • CZ 3008**

Equipped with a handle and large oval head on which an extremely deep landing net was placed, this landing net was provided by the manufacturer with a solid metal frame and a fish-friendly rubberized net, from which hooks can be released more easily than from traditional nets without a rubber coating. The length of the handle can be modified, as needed, in seconds. The rubberized handle provides a non-slip grip. The frame can be removed from the handle, making it more convenient to transport. It is a perfect choice for anglers with boilies and an excellent alternative for those with boilies. Capital carp and grass carp can easily be picked out with it, and thanks to the extra-sized net, larger catfish can be picked out as well.

- Frame size: 75x65 cm.
- Net depth: 110 cm
- Mesh size: 9x6 mm.
- Handle length: 92-103 cm
- Max length with head: 238 cm.

new

**BIG CATCH LANDING NET • CZ 5935**

Robust net for landing the real big catch. The head is 65x80cm with 100cm deep, strong and rubberized net for the safety of the fish. The frame and the handle is made from strong aluminium and the latter can be adjusted between 170 and 240cm so it can be used from a boat or from the shore as well.

- Size: 65x80x100/240 cm [2 sections, telescopic].

**DELTA-N 2 SECTION LANDING NET**

Aluminium head and telescopic handle, metal spreader and 10 mm black mesh features the DELTA-N.

CZ 0047	45x180 cm

**FLOATING KEEPNET • CZ 1998**

This is a specially designed fish holder net. Its upper part has a spongy rim, which floats on the water due to its buoyancy. It does not wrinkle, so it can keep the fish placed in it alive even in the summer heat. It is especially practical for high banks and jetties, as there is nothing else to do but to drop it into the water. The material is durable, rubberized and the fish get stuck less often than in traditional nets. It is primarily recommended for storing bait fish, but thanks to its size, it can also store larger bream, mullet and average carp.  
Diameter: 56 cm Length: 90 cm.

**MASSIVE CARP KEEPNET**

Handling and storing properly the caught fish is very important. This objective is reached by using this classic-style and ring-shaped fish holder made of quality materials typical of carp bags which protects the fish's scales, and hinders the fins to get stuck. Thanks to the flexible plastic rings, there is no need to worry about breaking the holder frame during lifting. The holder can be closed with a zipper. The supporting rope is covered with styrofoam balls to prevent from getting lost when dropped into the water. It is easy to transport and is primarily recommended to pacific anglers.

code	size
CZ 2711	ø40x100 cm
CZ 2728	ø40x120 cm

**ENTRANT KEEPNET SET • CZ 2001**

This fish holder with classic design has 2 m long and 40 cm diameter. It is made with durable mesh and flexible rings. The manufacturer provided it with an aluminum stabling, which can be connected to an inclinable head mounted with a traditional thread. It's a perfect gift for beginner and child anglers, but we heartily recommend it to anyone who likes fishing.  
Diameter: 40 cm Length: 200 cm.

## LUGGAGE & STORAGE

Angling sometimes requires real logistic skills to get all the gear from home to the waterfront. To keep your fishing tackle secure during these journeys we have a wide selection of rod bags, sleeves and holdalls, carry bags and rucksacks, rod and reel storage and protection devices. The tackle and accessory boxes together with the rig wallets, boxes bins and cases help to store and transport the smaller whatnots neatly and safely.

### N2 ROD HOLDALL

# FEEDING & BAITING EQUIPMENT

This section contains a variety of items for preparing, storing and transporting baits like bait boxes, buckets, live bait buckets and holders. Furthermore, here you can find the PVA products, baiting spoons and throwing sticks, markers, catapults and other small whatnots.

## FEEDER COMPETITION

### EVA BAIT BOX SET LARGE • CZ3467

A set of top class EVA boxes designed to transport, store and use your baits easily and conveniently. Easy to clean EVA material - waterproof. Keeps baits dry in wet weather. Perfect for pellets, hook baits, etc.

- 1 pc large outer box with zipped clear lid (37x25x9 cm).
- 1 pc medium bait box (36x12x8.5 cm).
- 3 pcs small bait boxes (12x9x8.5 cm).

## FEEDER COMPETITION

### EVA BAIT BOWL • CZ 4229

Top class EVA bait bowl designed to prepare, store and use your baits easily and conveniently. Easy to clean EVA material - waterproof. Perfect for groundbaits, particles, seeds, etc.

- Size: 35x25x15 cm.

### EVA BAIT BOX

EVA Bait Box designed to prepare, store and use your baits easily and conveniently. Easy to clean EVA material - waterproof.

CZ 0168  
24x24x13 cm

CZ 0175  
18x18x10 cm

## FEEDER COMPETITION

### GROUNDBAIT MIXER • CZ 0015

- Helps to mix the groundbait evenly.
- Flat base - ideal for getting into corners.
- Fits any electric drill.
- Size: ø14-6,5x30 cm.

### WORM BOX

Handy box with perforated clip-on lid for any kind of worm, leech, etc.

code	size
CZ 8562	0,5 liter
CZ 8579	0,75 liter
CZ 8586	1 liter

### AVIX COLLAPSIBLE BAIT BUCKET • CZ 6215

Collapsible and easy to clean bait bucket that packs away flat for storage or transit. Ideal for boilies, pellets, groundbaits.

The fully zipped cover keeps odours from contaminating car or house.

- Size: 8,4 liter, ø31x25 cm.

### EVA BAIT BUCKET • CZ 0182

Top class EVA Bait Bucket, which is perfect for storing water, cleaning hands, mixing groundbait, keep your bait and many other uses. Easy to clean EVA material.

- Size: ø28x18x30 cm.

### BAIT BUCKET SET • CZ 8326

Handy bait bucket and bowl for preparing, storing and using your baits easily and conveniently. Easy to clean and supplied with sturdy handle and clip-on lid.

- Size - bucket: ø42,0x26,5 cm.
- Size - bowl: ø38,0x11,0 cm.

### BAIT BUCKET

Quality and heavy duty buckets in different sizes.

code	size
CZ 0483	12 liter
CZ 0490	18 liter

## FEEDER COMPETITION

### EVA DROP BUCKET • CZ3474

Top class EVA drop bucket designed to collect water easily and conveniently if the bank is too steep or slippery. Easy to clean EVA material (waterproof). Supplied with a handy winder and 6m of sturdy rope.

- Size: 18x18x20 cm.

### CZ 0442 FOLDABLE WATER BUCKET

Multi-purpose folding bucket made of durable PVC with collapsible design for easy storage. Perfect for storing water, cleaning hands, mixing groundbait, keep your bait fish and many other uses.

- Size: 12 liter, ø24x28 cm.

### ROUND RIDDLE

Lightweight and robust riddle for making the sifting of your groundbait easy. Completely removes all lumps result.

code	diameter	mesh
CZ 0084	36cm	4,5 mm
CZ 0091	36cm	6 mm
CZ 3795	45 cm	4 mm

## FEEDER COMPETITION

**GLUG-G POT**

Handy dipping pot with a removable basket that allows baits to be perfectly soaked. It ensures that your hookbaits are glugged perfectly and your liquids last longer.

code	size
CZ 0671	small
CZ 0688	large

**BAIT CRUSHER • CZ 7832**

Robust housing and stainless steel blades characterize this handy bait crusher. A real must if you want to avoid spending hours with smashing stinky but necessary boilies or pellets.

**PELLET GRINDER • CZ 2514**

Handy gadget for crushing and grinding small and medium sized pellets. Crushed pellets and boilies are among the absolute top baits on many waters but they are great for enhancing the groundbait or seed mixes as well.

**BOILIE DRYING BAG**

Airs boilies to make them a harder and more effective hook bait.

- Special fabric.
- Strong lug.
- Zipper.
- Comes in a handy holder.

code	size
CZ 1444	5 kg; 30x45 cm
CZ 1451	10 kg; 45x60 cm

**MARSHAL**

**PVA BAG LOADER • CZ 9217**

The Marshal PVA Bag Loader makes the use of PVA bags easier, faster and simpler. The set comes complete with three bag expanders for all size of PVA bags and three compressing rings to help the insertion of the expander into the PVA bag.

**MAGGOT DISPENSER • CZ 0304**

The Maggot Dispenser can be hung around the neck. It is a particularly useful accessory, especially in tight spaces or in viewfinder angling. The dispenser has a threaded and detachable lid and a hollow spoon-shaped part. The lid is opened with a finger, and a hollow part is filled with the necessary amount of bait by pulling up the opener and tilting the dispenser. A useful accessory for non-predator anglers and anglers fitted with fine gears. It can be used to make fishing more comfortable. Size: 3.9x10.4 cm.

**CZ 8832 PVA WIDE MESH**  
37 mm x 5 m.

**CZ 8863 PVA NARROW MESH**

MARSHAL

**CARBON THROWING STICK**

High quality throwing stick made from carbon fibre with non-slip handle.

code	ø inside	length
CZ 0466	23 mm	93 cm
CZ 0473	29 mm	93 cm

NEOPRENE BAG

**METAL THROWING STICK**

The rubberized, non-slip handle provides it a stable grip, even when the hands are wet. Thanks to the openings at the end and above the handle, no vacuum effect comes up during throwing, so the filling will be faster, and the starting speed will be high. Its length is 80 cm. We recommend it to anglers who prefer the feeding boiler method.

code	ø inside
CZ 0496	23 mm
CZ 0489	28 mm

**PLASTIC THROWING STICK**

Quality boilie throwing stick made from sturdy plastic with soft grip handle and anti-vacuum hole for bigger distances. Length: 86 cm.

code	ø inside
CZ 1296	25 mm
CZ 1302	28 mm

**THROWING STICK**

Affordable throwing sticks in two sizes. Length: 90 cm.

code	ø inside
CZ 8038	20 mm
CZ 8045	24 mm

**BAITING SCOOP**

Perfect for mixing baits, baiting over the side of the boat or loading the hoppers of your bait boat.

Dimensions:

- **M (MEDIUM)**  
head: 15x14 cm  
handle: 10 cm
- **L (LARGE)**  
head: 20x14 cm  
handle: 11 cm

code	size
CZ 2521	M
CZ 2538	L

**BAITING SPOON**

Ideal bait spoons for feeding at short and medium distances. Perfect for groundbaits, pellets, boilies and other hard baits. The spoons are made of durable plastic with glossy finish for longer distances and clean bait release. The heads are detachable and can, if desired, also be used on longer handles for longer shots.

code	size
CZ 3972	47 cm
CZ 3989	41 cm

**SPOD**

Ideal for using with any kind of bait like pastes, pellets or groundbaits. A cheap and easy way to present bait.

code	size
CZ 1901	Ø4,8x15 cm
CZ 1918	Ø5x20 cm

**MARKER FLOAT • CZ 1014**

Small and handy tool to mark your feeding spot.

**TWILIGHT MARKER FLOAT • CZ 2996**

Marker float with up-to-date technology. The build in electronics has 3 modes that can be activated by a switch inside: OFF / continuous light / twilight. The latter mode turns on or off the lighting automatically depending on the ambient light (day or night). Batteries: 3 x LR44 (not included).

**TRICOLOR MARKER FLOAT • CZ 7977**

Traditional marker float with replaceable flights in black, yellow and red colours.

MARSHAL **ORIGO MARKER SET • CZ 7748**

Complete marker float kit including a marker float, a marker stem with one end lightened, 2pcs of probe leads (85g) with unique shape that transmits the makeup of the bottom much better than other versions and 2pcs of rubber stoppers (round and bell shaped).

**FLOATING MARKER LIGHT**

Practic and handy equipment to mark your feeding place. Easy to cast or to be placed to the feeding area by using a lead and fishing line.

- Highly visible integrated LED.
- Manual ON/OFF switch.
- Integrated day/night sensor switch.
- Adjustable light intensity.
- Made of shock and UV resistant plastic.
- 1 x D (LR20) battery (not included).

code	color
CZ 0398	red
CZ 0404	green
CZ 0411	yellow

**H-MARKER**

Handy tool to mark your hot spot. Maximum visibility.

code	size / length
CZ 8502	60x55x15 mm (S) / 10 m
CZ 8496	121x108x36 mm (L) / 12 m

**CZ 0274 CRYSTAL BAIT FLOAT**

- Weight: 19 g.

**CZ 0281 BAIT MARKER**

- Weight: 25 g.

MARSHAL

**LEATHER FINGER PROTECTOR • CZ 9309**

The neoprene and leather combination ensures perfect protection from cuts when casting with low diameter or braided lines.

- Leather finger section for maximum protection and control.
- Adjustable & elastic neoprene wrist strap with velcro.
- Quick drying.
- One size fits most.

**DIMENSION PARTICLES CATAPULT • CZ 1905**

This slingshot has a classic design, it is made with a ribbed handle that ensures a stable grip and a sufficiently wide, optimal profile branched section. Its replaceable rubber has adequate dynamics even for targeted shootings at medium distances. Due to its basket design, it is primarily intended for the delivery of grain feed, corn, pellets, and bones, but it can also be used to shoot bite-sized dumplings around the float. It is primarily recommended to fine rig and float anglers.

new

**DIMENSION BAITBALL CATAPULT • CZ 2774**

The Dimension BaitBall Catapult has an ergonomic handle and a rotund pouch which can handle bigger balls of bait while enabling maximum distance and minimum spread. Elastic: Ø0.7x.30 cm.

**DIMENSION BOILIE CATAPULT • CZ 2781**

The Dimension Boilie Catapult is ideal for particles, pellets and boilies. The specially formed conical pouch helps the baiting up with superb accuracy creating less spread and tightly baited spots. Pouch: Ø0.7x.31 cm.

**FEEDING TUBE SET • CZ 3252**

Ingenious set of a perforated tube with lid, a strong line on a spool and a buoy. Fill it up with the bait of your choice then lower it to the bottom at the desired spot. The bait slowly leaks out of the tube and thanks to the buoy you can precisely cast the hook to the area you fed. Size: Ø12x68 cm.

**CASTING PROTECTOR • CZ 9330**

The Casting Protector will shield your finger from the abrasive effects of the fishing lines.

- Tough finger protector.
- Soft & comfortable material.
- Wrist strap with velcro.
- Quick drying.
- One size fits most.

**FINGER PROTECTOR • CZ 9347**

The Finger Protector gives protection for your finger when casting.

- Non-slip finger section.
- Adjustable & elastic wrist band with velcro.
- Quick drying.
- One size fits most.

**CASTING GLOVE, RIGHT HAND • CZ 3727**

The Casting Glove ensures perfect protection for your thumb, index finger and palm against cutting with the line during long distance or repeated castings. One size fits most.

**CZ 2798 ENTRANT CARP NEEDLE SET**

Handy set of four baiting tools containing a drill and three needles. A really must have for boilie feeder or traditional types of fishing.

- Bait Drill (Ø1.5x22 mm).
- Stringer Needle (1x2x100 mm).
- Gated Needle (0.5x1.2x43 mm).
- Barbed Needle (Ø1x40 mm).

**TEMPO NEEDLE & SCISSORS SET • CZ 5287**

A handy pack of 3 needles, a drill, a knot tester and a pair of scissors featuring quality stem and easy grip handle.

**BAIT BANDER • CZ 3996**

The Bait Bander makes it fast and simple to load baits into bands. Thanks to the precisely formed prongs even small baits are no match for this tool.

**ORIGO NEEDLE SET 4+1 • CZ 2873** MARSHAL

A handy set of five containing four needles and a drill made of stainless steel with ergonomic handle. The two needles with the safety latch is perfect for threading drilled pellets, softer boilies or PVA bags. The other two with barb can be used for smaller hook baits without a hole, even for corn or tigernut. The drill can easily hole even a hard pellet or boilie.

- Stringer / stix needle (1.5 x 1.0 x 115 mm).
- Gated Needle (1.2 x 0.8 x 50 mm).
- Boilie Needle (Ø 1 x 50 mm).
- Fine Baiting Needle (Ø 1 x 50 mm).
- Bait Drill (Ø 1.5 x 30 mm).

**CZ 1210 BOILIE DRILL**

**CZ 1203 BOILIE NEEDLE**  
Ø1,00 mm x 6 cm

**CZ 1173 STINGER NEEDLE**  
Ø2,80 mm x 11 cm

**CZ 1197 MINI LATCH NEEDLE**  
Ø1,55 mm x 6 cm

**CZ 1180 LATCH NEEDLE**  
Ø2,35 mm x 6 cm

**WORM SCISSORS • CZ 6446**

Multi-blade scissors to chop the worms in a snap. Stainless steel and durable handle features this handy item.

- Length: 12 cm.

**CORK STICKS • CZ 0243**

Size: Ø 6 mm.

8 pcs

**BAIT DRILL WITH CORK • CZ 0236**

This set includes a drill with a stainless steel handle and cork cylinders perfectly fitted into the hole which was made with the drill. Its use is simple: a cork cut to a suitable length must be placed into the boilie's hole.

Ø 6 mm  
4 pcs cork sticks

**RONNIE RIG**

The bait virtually slides into the fish's mouth almost without any resistance. A threaded bait pin helps to place the bait, so even harder boilies are not an obstacle. The motion-range of the bait can be adjusted with the help of a rubber stopper that is found on the stem. The Ronnie Rig is made with a first-class micro bearded hook and swivel.

**KNOT PULLER PROTECTOR • CZ 9919**

Particularly thin monofilament lines can cause serious problems during the process of making knots, for example, when the hands are wet or slippery, resulting in hard-to heal cuts between the fingers. This problem can be eliminated using Knot Puller Protector. After reeling the knot puller gently and strongly, the tightenig will get done without any damage on the line.

**LINE PULLER • CZ 9896**

When lines with high tensile strength get stuck, it can be difficult to tear them or in extreme cases when they break in. This can happen when fishing takes place in narrow spaces or from a boat. The Line Puller offers solution to this problem. All to be done is to roll up a few rounds of line- any running-down is prevented by the edges- then with the hand put in the protection opening, you can easily release or tear your assembly. The device can be attached to a belt or a bag with the help of a spring hook, so it can always be at hand, if needed.

**FANATIC METHOD FEEDER EX-CAST**

The improved version of the popular Fanatic Method Feeder baskets. The new feature is the hook holder in the middle of the basket ensuring always-the-same and perfect placing of the hook bait.

**COMET RECHARGEABLE LAMP • CZ 1899**

This is the modernized version of the Petroleum lamp charged via USB. With its 500 lumen LED, it provides adequate lighting even on moonless, dark nights. The cover above the LED can be removed if required. The brightness can be changed in three steps by pressing the button. Both the top and the bottom have hooks, so it can be used in two ways in the tent: by hanging it on an umbrella or a tree branch. It can be charged from a laptop, power bank or even a suitable solar panel.

**COB LED BIVVY LAMP • CZ 3016**

Efficient bivvy lamp for fishing, hunting, camping or any outdoor activity.

- 3W COB LED (500 lumens).
- Adjustable brightness.
- Working time: 150 hours, 20 hours max at full brightness.
- Splashproof design.
- For all-weather use.
- Lightweight.
- Batteries: 3 x D (not included).

**DIMMABLE BIVVY LAMP • CZ 3023**

Compact bivvy lamp for fishing, hunting, camping or any outdoor activity.

- 3W LED (220 lumens).
- Dimmable.
- Working time: 40 hours at full brightness.
- Splashproof design.
- For all-weather use.
- Lightweight.
- Batteries: 4 x AA (not included).

**ZOOM HEADLAMP • CZ 3354**

- 3 W super bright LED (distance: more than 150 meters). Zoomable light beam.
- 90° tilting head. Waterproof design.
- For all-weather use.
- Aluminum alloy head.
- Adjustable head strap.
- Batteries: 3 x AAA (not included).

**SMALL-SMART HEADLAMP • CZ 2941**

- 3W LED (60 lumens) main.
- 2 x 1W LED (2x20 lumens).
- Modes: LOW/HIGH/OFF.
- Splashproof design.
- All-weather use.
- 60° tilting head.
- Lightweight, compact design.
- Adjustable head strap.
- Battery: 1 x AA (not included).

**CZ 5355 ORIGO HEADLAMP WITH MOTION SENSOR**

MARSHAL

- 3W LED; 2 x COB LED; 2 x red LED.
- 120 lumens; 2 x 40 lumens.
- 3 lighting modes: High/Low/Flash.
- Working time: 8 hours max with 3W LED.
- 60° tilting head.
- USB charger is included.
- 1200 mAh Li-ion rechargeable battery (included).

**MULTI-UV HEAD LAMP • CZ 7557**

A special headlamp for night fishing with two COB LEDs. Thanks to the integrated UV LED the fluo lines can be seen perfectly in the dark.

- Extra bright COB LEDs (1.6W, 60 lumens)
- UV LED for better visibility of the fluo lines
- Lighting modes
  - COB LED: high / low / flash / off
  - UV LED: on / off
- Splash proof design
- Batteries: 2 x AAA (not included).

**VIVID COB LED HEADLAMP • CZ 0640**

- 3 W COB LED (130 lumens).
- Modes: HIGH/LOW/FLASH/OFF.
- Tilting head.
- For all-weather use.
- Lightweight, compact size.
- Adjustable head strap.
- Batteries: 3 x AAA (included).

**FOCUS-N HEADLAMP • CZ 4051**

- 4W high power white XPE/T6 LED.
- 1000 lumens.
- Lighting modes: High/Low/Flash.
- Working time: 8 hours.
- 90° tilting head.
- 220V charger is included.
- 2 x 4200 mAh rechargeable batteries (included).

**BUG ZAPPER BIVVY LIGHT • CZ 2927**

Rechargeable lamp and mosquito killer for indoor/outdoor use featuring:

- Super bright and energy saving LED light (200 lm).
- The violet LED effectively attracts mosquitoes and bugs.
- The 2000V grid zaps the mosquitos.
- Effective area: 30-40 m².
- 4 modes: OFF/LIGHT/LIGHT+ZAP/ZAP
- Working times: 8 h only light, 9 h only zap, 5 h light/zap.
- IP44 - splash proof.
- Built in 2000mAh rechargeable battery.
- Charging: USB DC5V 2000mA (max. 3,5 h).
- A cleaning brush and an USB cable included.

**UMBRELLA&BIVVY LIGHT • CZ 3047**

Round bivvy lamp for fishing, hunting, camping or any outdoor activity. Batteries: 3 x AA (not included).

- Spring loaded jaws for fixing on poles.
- 4 independently movable heads.
- 4 x 3 LED (200 lumens).
- 4 brightness levels.
- Splashproof design.
- For all-weather use.
- Built-in hooks.
- Lightweight.

**COB LED CAMPING LAMP • CZ 5362**

- 3 x COB LED.
- 1250/650/360/50 lumens.
- 4 lighting modes: High/Mid/Eco/Low.
- Working time: 10 hours in Eco, 3 hours in High.
- Power supply: 4 x D batteries (not included).

**CZ 0381 COB LED KEY HOLDER**

Handy little gadget with bright yet energy saving COB LED with three modes (OFF/HIGH/LOW). It uses 2xCR2032 batteries (included).

**TAPE MEASURE • CZ 6086**

This handy tape measure is just the perfect size to fit in your tackle box or storage box in your boat. Length: 150 cm.

**PRACTIC-ZN COB LED LAMP • CZ 0459**

Versatile, literally an all-round utility lamp and flashlight featuring:

- 170-190 lumen COB LED, 30-40 lumen LED.
- Solid yet lightweight body, soft touch duo colour finish.
- 180° degree pivoting stand with magnetic base, hanging hook. 3xAAA batteries (not included).

**LIGHT-A-BEER 3 IN 1 • CZ 2447**

- Flashlight, beer opener, key chain.
- Power supply: 3x1,5 V LR44 batteries (included).

**MOTION SENSOR CAP LIGHT • CZ 2346**

This headlamp can be worn as usual with a headband or fixed to the brim of a hat. The charging process can be done from a laptop, power bank or from a solar cell - the required voltage is 5 Volts. Its features are:

- it has a 90 degree tilted design
- fitted with 3 extra-bright, long-life LEDs
- fitted with a motion sensor - rechargeable with built-in battery
- charging time approx. 2 hours.

new

# CLOTHING & FOOTWEAR

The Outwear by Carpzoom features a basic range of fishing apparel. What started as a quality fishing bait brand has developed a wide range of fishing products. The Carp Zoom outwear is designed for the devoted angler to suit all weather conditions featuring a line of thermo suit, jackets, boots, rain protection clothing, t-shirts, hats, caps and even stylish sunglasses. The used materials and technology guarantee that all you have to take care is fishing.

## CYCLONE RAIN COAT

Raincoat for the wet days so the weather cannot stop the devoted angler. Soft yet durable waterproof material. Adjustable hood external pockets.

**CAMOU THIGH WADERS**

Waders are useful accessories in autumn and spring wet weather, and also during summer showers. Classic style, waterproof rubber boots with a waterproof part that can be fixed above the knee. Due to the soft material of the camouflaged part, it is comfortable to wear and can be folded down as needed. The soles are ribbed, enabling safe walking even on slippery ground.

**new**

**X-CROSS BOOTS**

It is known that the easiest way to catch a cold is through the feet. Cold feet also significantly reduce our sense of comfort. With these boots, those problems are remedied. Their integrated, completely waterproof, ribbed rubber soles serve very well even on uneven and slippery grounds. The water-repellent material of their upper parts resists wet grass for a longer period of time. The boots are made with reinforced seams and gluing, and can be laced up quickly. Thanks to their warm lining, they provide comfortable wear even on cold winter days during fishing, but they are also a perfect choice for hunting and early spring garden work.

**KNITTED HAT • CZ 2322**

This hat is an excellent alternative for the protection of the head in the cold, changeable weather of autumn, winter and spring. Its knitted bobby headgear has an extravagant look, and is long enough to protect the ears from harsh weather. The inner part has an extra lining, so wind blows are not felt as it is usual in the case of traditional knitted caps. We recommend it for fishing, hiking, gardening and everyday street use.

**BEANIE & SCARF SET • CZ 3054**

This knitted warm beanie and scarf combo keeps you warm even in the coldest weather. The beanie can easily cover your ears and the scarf can be used as a neck warmer or face mask. One size fits most.

**BEANIE HAT • CZ 7878**

This warm beanie with knitted outer layer and fleece lining perfect for those who are not afraid of the cold weather when fishing is in question. It can easily cover your ears. One size fits most.

**POLAR EXPLORER CAP • CZ 3061**

The Polar Explorer cap features a soft faux fur around the inside for added comfort and warmth. It has earflaps that can be worn up or down and snap fasteners to hold them in place if the weather gets windy. One size fits most.

**DESERT HAT • CZ 0557**

The back of the head against harmful sun rays. When the silt-front part of the headgear is unfastened using its snap-fasteners, a face protector mesh will reveal. The upper part of the hat is adjustable to the size of the head and due to its mesh design ventilation is assured, so it is a comfortable wear even in hot weather. The hat can be hung around the neck, so you don't have to worry about it flying off your head in stormy winds.

**MOSQUITO HAT • CZ 1512**

This one size fits all mosquito hat is perfect for use in areas where there are high numbers of mosquitoes, midges and other flying and biting insects.

**TOUCHSCREEN GLOVES FEEDER COMPETITION**

- Keeps your hands warm during fishing.
- Made of warm polar fleece material.
- Neoprene touchscreen finger.

code	size
CZ 9964	L
CZ 9971	XL

**SMART NEOPRENE GLOVES**

- Keep your hands warm with these neoprene fishing gloves.
- 2 mm breathable neoprene.
  - Lightweight sharkskin palm.
  - 3 fold-back fingers.

**MOSQUITO JACKET • CZ 9926**

Stagnant waters as result of floods, heavy rains, or warm winters may from time to time cause the presence on the water fronts of huge amounts of mosquitoes making fishing almost completely impossible. The Mosquito Jacket is a lightweight, mosquito-net-like, UV-resistant outerwear which provides an excellent protection against the attack of blood-sucking insects. We recommend to anglers who often fish in wild waters under extreme conditions, away from towns.

**SUNGLASSES SEMI AND FULL FRAME**

Classy semi-framed sunglasses for the stylish anglers featuring:

- Comfort and style.
- Polarized lenses for reduced glare.
- Protect your eyes from harmful UVA and UVB rays.

**new**

**CARP HOODIE**

This dark green sweater has a hoodie and the indispensable kangaroo pocket to warm the hands in the cold. A carp graphic is printed on it. The waist and ends of the sleeves are reinforced with rubber. The material is 50% polyester and 50% cotton.

# PREDATORY FISH FISHING

In addition to our pacific fishing assortment, we are starting to pay more and more attention to the expansion of our assortment for predatory fishing which includes rods, reels, lines, lures and other accessories in the usual high quality.

## ENTRANT SPIN PREDATOR-Z

The Entrant Spin is an affordable, quality spinning rod designed for throwing middle-sized lures. The key features include a two-section blank finished in a with classy matt black. Components include single/double-leg guides with aluminium-oxide inserts and a full EVA handle. A perfect choice for beginners.

code	length	c.weight	t.length	weight	sec.	guides
CZ 6308	240 cm	40-80 g	125 cm	235 g	2	alu-oxid
CZ 6315	270 cm	50-100 g	142 cm	290 g	2	alu-oxid
CZ 6322	300 cm	60-120 g	156 cm	330 g	2	alu-oxid

## CATZOOM BRUTAL CATFISH PREDATOR-Z

This rod, with brutal appearance and radiating power in all its elements, has specially been developed for catching big catfish. Due to its rigid and unbreakable body, it makes possible the drawing of baitfish and big amount of equipment. With its definite notch, the toughest catfish mouth will be hooked with security. Its powerful rod has an extra-strengthened, two-sole, highly wear-resistant row

of rings and a metal reel holder typical of marine rods. It is a perfect choice for fishing with stupek, giant antenna, but also with floating and bottom live bait. The Catzoom Brutal Catfish rod is specially recommended to catfish anglers who hunt for the biggest fish.

**new**

**HANZO TORI DROP SHOT ROD** PREDATOR-Z

This is the dropshot version of Tori Spin spinning rod, which makes artificial baits be guided perfectly. Every tap even small twitches can be detected immediately. Its white tip is clearly visible, and despite its slender structure, it is very powerful that even large fish can easily be lured into a landing net.

code	length	c. weight	t. length	weight	sec.	guides
CZ 3572	210 cm	3-10 g	110 cm	126 g	2	SIC
CZ 3589	225 cm	5-15 g	118 cm	135 g	2	SIC

**HANZO TORI SPIN ROD** PREDATOR-Z

This high-style Japanese spinning rod has a sophisticated appearance, and was made using the most modern materials. Despite the tightness of its material, it can transmit all movements of the artificial bait towards us. It has a wear-resistant, lightened ring row which is resistant against the erosive effects of the braided line. Its modern handle provides a comfortable grip during all-day fishing. The Tori Spin is the perfect choice for perch, pike and pikeperch spinning.

PREDATOR-Z

**OP-FOLDABLE LANDING NET • CZ 6605**

The OP-Foldable landing net ensures easy landing of your catch featuring foldable head, massive telescopic handle, robust arms, strengthened plastic spreader and rubberized mesh.

- Size: 60x70x180 cm (2 sections).

PREDATOR-Z

**HANZO SFD NET • CZ 2537**

new

Made with solid metal frame and having strong handle and fixings, this really strong landing net was made for lifting big fish as well. The length of the handle can be modified, as needed, in seconds, and its rubberized end provides a non-slip grip. As the frame is removable from the handle, its carrying is comfortable. Due to its large-mesh and the rubber-like net, the fish do not get harmed. Both the caught fish and the hook can be removed easily from the net. It is recommended to anglers who hunt for big fish, and to those who prefer boat spinning.

- Frame size: 51x50 cmm.
- Net depth: 55 cm.
- Mesh size: 35x30 mm.
- Handle length: 59x103 cm.
- Max length with head: 155 cm.

PREDATOR-Z

**HANZO CLASSIC LANDING NET • CZ 3138**

new

- Easy to use even in a boat.
- Fish friendly rubberised mesh (depth: 35 cm).
- The aluminium frame is lightweight and provides excellent strength and durability.
- Non-slip grip telescopic handle.
- Wrist strap.
- Size: 40x50x134 cm (2 sections, telescopic).

PREDATOR-Z

**HANZO SPINNING FOLDABLE NET • CZ 0540**

The 50x43 centimeter oval frame made of durable metal is covered with large-hole, strong rubber-like, yet fish-friendly soft net, from which even the hook of wobblers can be easily released. The depth of the net is 40 centimeters. The handle can be folded over the net with the help of a zipper on the head, so its transport size gets smaller. It has a telescopic design. Its length, when open is 64 centimeters. The net can be clipped onto the backpack with the help of a clip during transport.

- Head: 50x43x4 centimeteres.
- Total length: 117 centimeteres.
- Shipping length: 56 centimeteres.

**HANDY LANDING NET • CZ 2416** PREDATOR-Z

- Fish friendly rubberised mesh (depth: 35 cm).
- Aluminium frame is light in weight and provides excellent strength and durability to the net.
- Non-slip grip handle.
- Wrist strap.
- Size: 36x50/64 cm.

PREDATOR-Z

**OPLUS-N SPINNING BAG • CZ2569**

Stylish spinning bag featuring a large main compartment, 3 pockets with velcro closure (each 14x10,5x4cm), a zippered long pocket (13x30x4 cm) as well as a padded and adjustable shoulder strap.

- Size: 33x18x28 cm.

PREDATOR-Z

**HANZO EVA ROD BAG • CZ 7915**

The Hanzo EVA Rod Bag offers protection for your precious rod and reel when storing or in transit. Slightly stiffer than the regular rod bags and the EVA material protects not only the content of it but your other luggage as well if the rod and the reel packed away soggy. The netted top helps them dry.

- Waterproof EVA material.
- Welded seams.
- Strong zipper and carry handles.
- Length: 145 cm.
- Size: 33x18x28 cm.

PREDATOR-Z

**OP-ELITE SPINNING ROD BAG • CZ 7077**

Stylish rod bag for a single rod complete with reel, a perfect match for the OP-Elite Spinning Bag. The padded sides ensure perfect protection in transit. The material is water repellent and easy to clean.

- Size: 152x27 cm.

PREDATOR-Z

**HANZO EVA SPINNING BAG • CZ 7922**

Stylish bag made from waterproof EVA material. It has a big main compartment and is equipped with a removable tray with repositionable dividers. There are two elastic loops for rods and one for pliers. Comes with strong zipper, handle and shoulder strap.

- Size: 43x28x32cm.
- Size of the tray: 40x25x10 cm.
- Weight: 2,10 kg.

**HANZO SPINNING BAG • CZ 2254** PREDATOR-Z

This spinning bag has a practical design. It has a large, continuous interior that can be filled with boxes as needed. The upper part has outside and inside zippered storage. While the exterior is perfect for storing important accessories, the interior can be used to safely store important valuables and documents. The front and one side are equipped with zippered pockets. A net holder is also added both to the side and the back pockets. The manufacturer has also equipped it with additional practical parts for storing drinks and knives. The carrying handle is fastened with Velcro, and the shoulder strap is comfortable and adjustable in length. We recommend it primarily to spinning anglers, but it can also be a useful for those who like other methods.

- Size: 35x25x30 cm.

**CZ 0601 HANZO MULTIFUNCTIONAL SEAT BOX** PREDATOR-Z

A fishing box with a modern appearance carefully thought out in all its elements for serving the user's comfort. It is suitable for storing a large amount of equipment. While in the 4-centimeter deep removable partitions on the lid, which can be configured as desired, can be accommodated smaller accessories, the larger part under the lid is for the accommodation of larger equipment. Cup and stick holders can be placed on the side, which can be moved as needed. It is heavy-duty, durable construction, so it can even be used as a seat. The shoulder strap is adjustable in length.

- Due to its design, our things in it do not get wet.
- Size: 40x22x28 cm.
  - Weight: 2.4 kg.

**HARD LURE BOX** PREDATOR-Z

Convenient box for all kind of lures featuring:

- 2 tier design.
- V-shape compartments for fixing the treble hooks.
- Clips securely shut with two double clips.

**HANZO STAINLESS STEEL MULTIFUNCTION PLIERS** • CZ 0526

It is a versatile and modern fishing pliers made of stainless steel, with a durable locking mechanism. The multifunctional jaws are perfect for opening and crimping key rings. The edge holder, a precisely closing cutting surface, can even be used to clip braided cords. The handle is soft ergonomically designed and conveniently transportable. It is recommended primarily or predatory fish anglers, but it can also be a useful accessory for other anglers.

**HANZO RING OPENER SCISSORS** • CZ 2261

This practical multifunctional scissors are minded mainly for spinning anglers. The stainless steel, serrated cutting edges are perfect for cutting braided cords leaving a clean surface, and the specially manufactured jaws allow even the smallest key rings to get opened with ease. The soft handles ensure comfortable use. Due to the size, they fit in a vest pocket, but with help of the hole above the handle, they can even be hung around the neck. In addition to spinning, we recommend it for all methods where braided cords need to be cut.

**HANZO MINI MULTIFUNCTION TOOL** • CZ 2629

Pliers made of stainless steel, with extra surface treatment. Its strong multifunctional jaws are suitable for assembly, cutting and opening key rings. The manufacturer provided it with a spring-loaded structure, a comfortable grip and a safety lock. It can even fit in a vest pocket, and is recommended primarily to spinning anglers.

new

new

PREDATOR-Z  
**HANZO KNIFE 3IN1 COMBO** • CZ 2278

This is a set equipped with a knife sharpener, a cut-resistant glove and a filleting knife. The stainless steel, extra-sharp blade is flexible and long enough to fillet even larger-bodied fish. Safe storage is ensured by a plastic case with a clip that prevents the knife from slipping out. The safety of those less experienced in kitchen work is guaranteed by the glove that has a level-five cut-resistance, and can be used with the right or left hand. We recommend it to fishermen who like gastronomy.

- The length of the blade: 175 mm.
- The length of the handle: 130 mm.

new

PREDATOR-Z

PREDATOR-Z

**CATZOOM CHANGEABLE SLIDER-BOOM • CZ 2889**

It is a universal solution if you want to place a sliding lead on the line. With this accessory, the task can be performed without cutting the assembly. A large lead can also be hung on the heavy-duty link clip. We recommend it especially for catfish rigs, but with a little creativity it can also be used with other methods. Size: 8 cm.

new

PREDATOR-Z

**CATZOOM PLASTIC RATTLE • CZ 2926**

When hunting for predatory fish, in addition to visual stimuli, the application of acoustic effects often provides extra benefit for attracting predatory fish. This small accessory hung near the bait emits a rattling sound that helps attract predatory fish. We recommend it primarily for catfish fishing, but it can also lead to good results in pike fishing. Size: ø1,3x3x1,5 cm.

PREDATOR-Z

**CATZOOM RIG PROTECTOR TUBE**

The process of exhausting a capital catfish is a very hard task for anybody, and in addition to the regular equipment, the rigs and connections are also subjected to great stress. So, it is important to try to push the tolerance limit of our rigs. One element for this is the protector rubber to protect the connections of our equipment. Length: 50 cm.

• 3 pcs 20 mm rings.  
• 3 pcs 25 mm rings.

**FAT MOUSE** PREDATOR-Z

The Fat Mouse top water lure is the best one during the 'mouse swimming' period of the year. Thanks to the placement of the hooks it is completely weedless. Target fish: pike, catfish, largemouth bass. 7 cm / 21 g.

1 pc

**SLIM MOUSE** PREDATOR-Z

The Slim Mouse top water lure is the best one during the 'mouse swimming' period of the year. Thanks to the placement of the hooks it is completely weedless. Target fish: pike, catfish, largemouth bass. 6 cm / 12 g.

1 pc

**DUCKLING** PREDATOR-Z

A perfect choice if the target fish is pike, smallmouth bass or smaller catfish. Recommended to retrieve it slowly with some sudden moves to increase the waves and the splatter the duckling creates. Thanks to the placement of the hooks it is completely weedless. Size: 6,5cm/11,5g.

1 pc

**DANCING FROG** PREDATOR-Z

If the goal is to fish close to the shore, next to the reed or the place is weedy the Dancing Frog can be ideal if the target fish is pike or smallmouth bass. Recommended to retrieve it slowly with stops and some sudden moves. Thanks to the placement of the hooks it is completely weedless. Size: 6,5cm/11,5g.

1 pc

CZ 3351

**POPPER FROG** PREDATOR-Z

Developed for fishing for pike and smallmouth bass. Thanks to its unique shape it is used very effectively overseas by the professional bass anglers. If reeling it in with sudden tugs it creates a noisy splatter just like if using poppers. Thanks to the placement of the hooks it is completely weedless. Size: 6 cm / 16 g.

1 pc

**TORTUGA** PREDATOR-Z

A perfect choice if the target fish is pike, smallmouth bass or smaller catfish. Recommended to retrieve it slowly with some sudden moves to increase the waves and the splatter the turtle creates. Thanks to the placement of the hooks it is completely weedless. Size: 5,5cm/11g.

1 pc

**JUMPING FROG** PREDATOR-Z

A perfect choice if the target fish is pike, smallmouth bass or smaller catfish. Thanks to the shape of the legs it creates smaller waves even when retrieving slowly just like a real frog. The waves and the splatter it generates can be increased with some sudden moves. Thanks to the placement of the hooks it is completely weedless. Size: 6,5cm/15,5g.

**START-1 SPINNING SET** • CZ 2513

Perfect spinner for predator fishing.

new

4 pcs

**METAL VIBER** PREDATOR-Z

Easy to cast, solid metal lure. Thanks to its extra wobbling it can be used in rivers and even in cloudy waters during fishing for asp. Even zander can break in on it in the falling back phase when jigging.

**BLADE SHAKER** PREDATOR-Z

Unlike the classic blade lures the Blade Shaker has more abdominal weight increasing the casting distance. The perfect solution for fishing remote areas for asp and for bottom jig fishing. 5 cm / 13,5 g.

**CURVE MINNOW** PREDATOR-Z

Sinking hard lure with cunningly curved body for chasing zander. Recommend for using in mid-water. After hitting the water 1-2 seconds waiting is advised then during the intense retrieving strong snaps can be expected. 6 cm / 7,1 g.

**IMMORTAL SHAD** PREDATOR-Z

Traditional shape, stunning colors feature this hard lure. The floating version is recommended rather for summer or early autumn when the water is warm while the sinking version can be effective in cold or cooling waters. 5 cm / 4 g.

**ULS MINNOW** PREDATOR-Z

Slow sinking hard lure suitable to use in any depth. Thanks to its built in weight longer casts can be achieved. Perfectly balanced and the suggested reeling speed is slow (stop-and-go) or middle.  
• Size: 3,5 cm / 2,6 g.

**ARROW MINNOW** PREDATOR-Z

Imitation of a bleak, a typical top-water fish. Best to use next to rocks and reed beds, especially in warm waters. Unbeatable when bleak spawn. During the day asp, at dawn and at sunset zander and catfish can be expected. Changing the speed of retrieving the catchiness can be increased. 9 cm / 9,2 g.

**POPPZOOM** PREDATOR-Z

Classic surface popper, an indispensable hard lure for summer predator fishing. Guided by slow flicks the predator fish will take it off the surface. Asp, pike, largemouth bass will love it! Its size is ideal for the stock of the commercial lakes and inland rivers. 5,5 cm / 5,6 g.

**SHOTGUN BLADE** PREDATOR-Z

Compared to its weight the Shotgun Blade is a thin-bodied traditional minnow lure. Its key feature is the slow sinking ability. Recommended to use before the spring warm-up in cold water when using an extremely slow retrieving even the most inactive fish can be tempted to catch it. Best to be lead in mid-water with occasional stops. 6,5 cm / 5,7 g.

**BABY PERCH** PREDATOR-Z

Slow sinking hard lure for times when the fish prefer to be in mid-water. Excellent for using in turbid waters as well. Despite of its small size it has a strong wobbling effect. Beside the classic predator fish even European chub can be counted on. Recommended to use with a fluorocarbon leader. 4,5 cm / 3 g.

**TINY FISH** PREDATOR-Z

Mini crank lure designed for UL spinning. Combines the shape of a fry and of a bug. Highly recommended to use thin line and fine rig. Retrieve it slowly with longer stops. Size: 3 cm / 2,4 g.

**UL BUG** PREDATOR-Z

Bug shaped floating hard lure. Retrieve it slowly with longer stops to imitate the flurry action of a drowning bug. Size: 3,2 cm / 3,5 g.

CZ 3511

CZ 3535

**UL CRANK** PREDATOR-Z

Floating hard lure in classic crank style. The suggested retrieving is slow stop-and-go or middle speed. Size: 4,0 cm / 4,2 g.

CZ 3559

**DEEP CRANK** PREDATOR-Z

Deep going floating hard lure. It is easy to pull it down deep thanks to the longer lip shape which is not widely used on lures designed for UL fishing. Size: 2,8 cm / 2,2 g.

CZ 3580

CZ 3597

**ANGRY CRANK** PREDATOR-Z

Floating hard lure in crank style. It has quite a wide moving action even at low speed but it does not overdo it at higher speed either. Thanks to its chubby shape it is easy to cast to bigger distances.  
• Size: 5,0 cm / 8,0 g.

**BEETLE** PREDATOR-Z

Floating hard lure in crank style. Thanks to its chubby shape it can successfully trick even bigger predators. Slow or middle reeling speed is recommended. Size: 5,0 cm / 7,8 g.
